VPD Government Solutions Awarded New Contract to Continue Support to HHS Administration for Children and Families

Arlington, VA — VPD Government Solutions has secured a four-year, \$12.6 million task order to continue supporting the U.S. Department of Health and Human Services (HHS) Administration for Children and Families (ACF), Office of Family Assistance (OFA).

The award represents a continuation of VPD's existing work with OFA and codifies a partnership focused on supporting the administration and oversight of federal programs that strengthen the economic security and stability of children and families.

Under the Professional Support and Consultant Personnel Services task order, VPD will continue providing program and grants management support to OFA. VPD's team provides grant monitoring and program administration for Healthy Marriages and Responsible Fatherhood (HMRP) and Tribal Temporary Assistance for Needy Families (TANF) demonstration grant programs ensuring grantees are successful in serving American families across the nation. The new task order will also involve TANF program integrity work and evaluation initiatives focused on HMRP program outcomes and continuous program improvement.

"We've had the privilege of supporting OFA for several years, and this award reflects the strong partnership and trust our team has built along the way," said Tony Brooks, President of VPD. "We're incredibly proud of our talented team behind this work and look forward to continuing to deliver the responsive, high-quality support OFA has come to expect from VPD."

The competitive award further strengthens VPD's growing footprint across HHS and builds on the company's experience providing grants management, research and evaluation, program management, acquisition, and other mission-focused support throughout the Department.
